

# Game Bird Season Hunting Log

Thank you for choosing to participate in the MassWildlife game bird season hunting log. Please adhere to the following guidelines below.

- Record all hunting trips, **EVEN IF YOU DIDN'T HARVEST OR FLUSH A BIRD!**
- Do not include hunting trips from commercial shooting preserves.
- Record your individual totals, not those of your hunting partner(s).
- Record whether you hunted on public land (Wildlife Management Areas, DCR state forests, town property).
- Use separate lines if you hunt on different properties in the same day.
- Record the number of hours you hunted to the nearest whole hour.
- Keep the log readily accessible so you can record your information immediately after each hunt!
- Do not count known re-flushes or birds flushed by others in your group.
- Record woodcock flushes even when hunting for other birds outside of the woodcock season.
- WMZ – Wildlife Management Zone, please see the MassWildlife Hunting Guide or [click here](#).
